ANNOUNCING:
BULL SALE

Thursday,
March 18, 2021
1 p.m. at the Farm

Selling 28 Bulls and 34 Heifers

K7 HEREFORDS

Tom and Jo Heidt Family
3388 240th St. • Lockridge, IA 52635
608-574-2309 • k7herefords@gmail.com

Greetings everyone,

Welcome to "K7 Herefords 14th Annual Production Sale". This year has most definitely been an unusual one. We trust you and your families are doing well. Many of us have gone through many of our own trials and changes. Our thoughts are with you if you have been affected by the last year's events. Yet, business needs to keep going on. We are proud to have an outstanding selection of cattle for you. With challenges this year we have taken the opportunity to move our sale to a Thursday! We feel this will benefit many more people – with today's technology and social restriction we can do more multi-tasking and assured you will be able to join us in person, or via internet, phone or personal representative.

Having said this, we do feel we have a STRONG offering for you this year. Our calving seasons appear to be long on heifers, both spring and fall seasons. Yet, the quality all the way through from top to bottom is strong. You can breed your cows polled but that doesn't guarantee you polled bulls. This is the conclusion to the high level of polled heifers. Our standards are always increasing for an improved animal and this set has not disappointed. The heifers are thriving, and the bulls, even with the small number, are excelling from past years. This year we are offering a bigger set of older bulls than in the past for your breeding needs, and Tom is proud to say that we do not keep a bull that we would not be afraid to use for ourselves. Veaser's Triple E has again stepped up their program — bringing you a tremendous and powerful set of calves. Check out the performance.

Again, this winter the fall bulls are maintained on 8 lb. of grain, corn silage, access to round bale feeder and a creek for water. The fall yearling bulls after weaning came from the top 50% of 2019 fall bulls and two-year-olds, sorted for quality, structural soundness and feet. We ran them in a pasture this past summer getting 5 lb. of corn daily. This didn't slow these fall bulls down and they are performing well this winter. Our spring bull calves come to you out of the top half of the 2020 bull crop, selected on performance, structural soundness with strong emphasis on good feet and legs. I (Tom) feel this is the best set of bulls we have ever offered on feet, legs and total package. The top of the top! These sets of calves were weaned early due to lack of rain resulting in extremely dry pastures. They are now living on corn silage, some corn and full access to hay. We feed daily with a high roughage diet. Before sale day we will have carcass ultrasound data, semen test results and yearling weights available.

All sale animals have been 50K DNA tested with enhanced EPDs. We are in the process of DNA testing the last of the replacement heifers and should be done by sale day. Veaser's Triple E Farm and K7 Herefords would be more than happy to answer any and all questions you may have. We will be doing our best on keeping you up to date with information as we get it. Please visit our website www.k7herefords.com or Facebook K7 Herefords for more information. Videos of animal will be available before sale on these pages.

Please come and join us on Thursday, March 18, as we are also celebrating 50 plus years in registered Hereford cattle. We understand not all can physically come, although we would love to see you and visit, so please join us via phone or internet on DVAuction, www.DVAuction.com.

Thank you for your time, interest and support,

Tom Heidt, K7 Herefords and families

PROGRESSIVE CATTLEMEN

RELY ON VITAFERM® CONCEPT•AID®

**DON'T FORGET ABOUT
THE OTHER HALF
OF THE EQUATION**

Our VitaFerm
Concept•Aid line is built
to benefit more than just
your cowherd. Let our
products help you get
the most out of your bull
battery as well.

For more information, contact BioZyme® Area Sales Manager Kori Soutter at (319) 759-2517.

VITAFERM PERFORMANCE THAT PAYS

BIOZYME
INCORPORATED

The Power of Genomically Enhanced EPDs

AHA
GE•EPD

The American Hereford Association (AHA) has embraced the use of genomics into their genetic evaluation by launching a first of its kind single step analysis that utilizes the marker effects of specific traits. Likewise, AHA is directly estimating accuracy values rather than approximating. The direct estimation of accuracy results in a more conservative value but a more accurate value than previous methodologies. The AHA is producing the most reliable genetic evaluation that is supported by Whole Herd TPR™ and genomics, which will give prospective buyers added confidence in purchasing young and unproven animals.

Buying animals that have a genomic profile incorporated into their Expected Progeny Difference (EPD) offers many advantages that allow for quicker breed and herd improvement. Below is a table showing the average increase in accuracy when buying a young animal with a Genomic Enhanced EPD (GE-EPD) versus an animal without a GE-EPD. Similarly, an effective progeny number increase is listed by trait that shows how many progeny equate to a genomic enhancement of a young animal (e.g. yearling). That's right, buying a young animal that has been genotyped is like having 2-17 progeny, depending on the trait. The proof gained on young, non-parent animals, through a genomic enhancement is valuable and greatly mitigates the risk and allows for more directed selection.

Each animal tested is recognized with the AHA GE-EPD logo.

AHA Trait	Accuracy Improvement	Effective Progeny Number Increase*
Calving Ease	0.09	17
Birth Weight	0.12	8
Weaning Weight	0.14	12
Yearling Weight	0.16	9
Scrotal Circumference	0.17	6
Mature Cow Weight	0.12	4
Udder Suspension	0.17	7
Teat Size	0.17	7
Carcass Weight	0.11	3
Fat	0.08	2
Rib-Eye Area	0.07	2
Marbling	0.10	3

* Effective Progeny Number Increase (EPNI) — EPNI is the difference gained for genotyped animals versus non-genotyped animals.

Breed Avg. EPDs for 2019 Born Calves

TRAVEL TIME

From Des Moines, Iowa, 2 hours; Iowa City, Iowa, 1 hour 15 minutes; Burlington, Iowa, 1 hour; Keosauqua, Iowa 45 minutes

INTERNET BIDDING

Internet bidding DV Auction, www.dvauction.com, absentee bidders who wish to utilize the internet may bid online at www.dvauction.com. Please register online in advance of the sale.

INSURANCE

Will be available on sale day.

DELIVERY

Single purchases made over \$3,500 will be delivered free up to 200 miles. All others we will assist in delivery and make every effort to help you get your cattle home at a reasonable cost.

TERMS AND CONDITIONS

- Each bull will be sold to highest bidder without reservation. The auctioneer will settle any disputes as to bidding and decision will be final.
- Terms of all sales will be cash unless arrangements are made between purchaser and seller prior to sale.
- Individual health papers will be furnished with each animal permitting shipment to any state.
- The animal becomes the property of the purchaser as soon as sold, but it shall be responsibility of the seller to see that the animal is properly cared for until delivered to the purchaser. Any death or injury after the animal is sold is at the buyer's risk.
- Anyone attending the sale attends at their own risk and without liability on the part of the owners or their employees.
- All animals of breeding age are guaranteed breeders. All untried animals are guaranteed to be without known defects, but nothing further. Animals failing to breed after a trial of six-months may be returned to the farm of the seller if in good condition. The seller reserves the right for six-months to try said animal and, if it proves a breeder, to return it to the station of buyer at his expense. If the animal proves a non-breeder, a satisfactory exchange will be made. Complaint must be made within six months from the time of purchase.
- Extreme care has been taken in copying each and every pedigree to avoid errors, but we are not to be held responsible for any error which might appear and which is beyond our control.

HEALTH

Cattle are under the care of Village Vet, Fairfield, Iowa. A veterinarian will be available sale day to write health papers.

SEMEN TEST

The bulls will be semen tested prior to the sale and will sell as guaranteed breeders. Bulls will be trich tested if needed.

Complete ultrasound and performance records will be available on or before sale date.
